[Chorus: Kevin Parker & SZA]
Only love never hesitates
Only trust has a price to pay
Like a flower in a hurricane
We see the sun rise into another day
Only love never hesitates
Only trust has a price to pay
Like a flower in a hurricane
I will die before I walk away, walk away

[Verse: Kevin Parker]
All the crashes
Floods and flashes
And my heart is aching
'Til I'm washed away once more

[Pre-Chorus: Kevin Parker & SZA, SZA]
Let's take it fast, just like a flash
And in a moment, we'll be gone like a second chance
You and me, we don't let this life go rushing past (Oh)
I'll live it to the very last breath

[Chorus: Kevin Parker & SZA]
Only love never hesitates
Only trust has a price to pay
Like a flower in a hurricane
We see the sun rise into another day
Only love never hesitates
Only trust has a price to pay
Like a flower in a hurricane
I will die before I walk away, walk away

[Outro: Kevin Parker & SZA]
('Cause you know)
You know I think about it now and then (Uh-huh)
Is it a matter of not if, but when? (Uh-huh)
Somethin' beautiful comin' to an end (An end)
And if we ever get there
